

Making things easier. Again and again.™

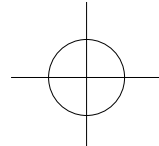

Effective January, 2010

Bleed your artwork at least 2 mm (1/16") beyond the edges of the gray square. Any graphics (text or images) should be contained within the gray area. Overall width: 150 mm - bleed to black line - 154 mm. Height: 116 mm - bleed to black line - 120mm. The center section is 138 mm x 116 mm. The side sections are 6 mm x 116 mm. Make sure that no graphics extend beyond the red lines around the side sections. Use this as a guide only.
